Comments: Re: Docket No. 98-N-1265

Just wanted to advise you of my strong opposition of the Draft "memorandum of understanding" (MOU) being proposed by the FDA. Specifically, I object to the definition of "inordinate amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compoundihng pharmnacies. The services specialty pharmacies provide to the public and doctors are not available from commerical pharmaceutical manufacturers nor most local pharmacies.

I will appreciate your serious consideration of my remarks.
